Sir Alexander GRANT was 7th baronet.

Sir Alex. Gray GRANT, 8th baronet, M.P., represented interests of West Indian planters in the Commons, and was himself a West Indian planter.

See also XB 063: here lies Isabella, daughter of Sir Alexander Grant Baronett (sic). Her date of death is indistinct, but seems to be 1742, aged 4. Her father may therefore be the 5th Bart., MP for Inverness.
