Statement of the progress of the works during the execution of an addition to the Church.

The Works were commenced on the 14<sup>th</sup> of July last and the progress was quite satisfactory until the middle of September when they were interrupted for upwards of a month by a delay in the supply of the iron Cores of the Columns from Glasgow where they were being cast - The Building was entirely covered in by the 25<sup>th</sup> of November - At present the interior finishings are in a forward state, the joinery being almost all prepared and a great part of it fixed.

There is every prospect of the Church being completed early in February. The delay in the last iron work has alone been the cause of the completion being so much retarded: it appears to have been accidental so far as regards the Builders Mr. Burton.

It was enacted that it should be lawful for the Trustees for the execution of the said Act and they were thereby required upon any alteration made in the present Church or upon the completion of the body of any new Church which might be built in lieu thereof to set out and allot therein to or to the use and benefit of the Lord or Lady of the Manor of Hampstead for the time being and of the Incumbent or Minister of the said Parish Church for the time being and of the Heirs and Assigns of the said Henry Filicroft respectively so many Pews and Settings as they respectively then held and enjoyed in the said Parish Church and which several Pews and Settings so to be set out and allotted should respectively be of equal dimensions and as nearly in the same situation as might be to the Pews and Settings then enjoyed by the said Parties respectively and that such Pews and Settings when so set out and allotted as aforesaid should

The Pews in the body of the Church now numbered 29. 30. 31. 32. and the Pews in the North Gallery of the Church (being the same Pews as were heretofore held by the Lord of the Manor) now numbered 89. 90. 92. 93. containing altogether thirty six Settings to be set out and allotted to or to the use and benefit of the Lord of the Manor of Hampstead for the time being.

and that the Pews in the body of the Church now numbered 16. and 17. containing together eight Seats should be set out and allotted to the Churchwardens of the said Parish of Newstead for the time being in lieu of the Seats heretofore held by them.
