

The 1762 Survey shows him owning a messuage with coach house in Church Row, occupied by Lady Salisbury.

Park notes the tomb and asks: 'Was he not the brother of Mr Isaac Gosset (sic), the well known modeller of wax, and uncle of the late eminent Dr Isaac Gosset?'

Barratt I 99 has a sample of the wax-modeller's portrait work and confirms that his brother lived in Church Row.

DNB gives Isaac (1713-99) and spella Gosset with one t.
