

The carpenter's home (near New End) and workshop
 (near Windmill Hill) are listed in the 1762 Manox Survey.

Handwritten notes and descriptions, likely providing details about the structures shown in the diagram. The text is difficult to read due to fading and bleed-through from the reverse side of the page.

DESCRIPTION (Refer to Plate 10 for details of the site)

Handwritten notes and descriptions, likely providing details about the structures shown in the diagram. The text is difficult to read due to fading and bleed-through from the reverse side of the page.

THE HOUSE
 The house was built in 1762 and was the work of the carpenter's workshop.
